*The Impact of COVID-19
on Enterprises in Turkey:*

**SYRIAN-OWNED
ENTERPRISES***

TURKONFED

TUSIAD

* This analysis compiled from the data of the Business for Goals Platform's "Survey on Impact of COVID-19 on Enterprises in Turkey" that is based on responses of 32 Syrian-owned enterprises.

38%

**of Syrian-owned
enterprises reported
full-stop of operations
in May.**

The infographic features a large, jagged red shape in the center containing the text. Surrounding this shape are several stylized virus icons in red and dark blue. At the bottom, there is a simple illustration of a shop with a red and white striped awning, a dark window, and a red base. The overall design is clean and modern, using a limited color palette of red, dark blue, and white.

78%

**of Syrian-owned micro-
and small- scale enterprises
are not prepared against
a second wave.**

81%

81% of Syrian-owned enterprises reported substantial impact

The image features a torn green banknote in the background, partially obscured by a pink sticky note in the foreground. The sticky note has a dark blue border and a dashed line indicating a tear. A hole punch is visible on the right side of the sticky note. The text on the sticky note is in a bold, dark blue font.

41%

of Syrian-owned enterprises reported insufficient working capital or would suffice at most for another month if the crisis continued.

81%
of Syrian-owned
enterprises
were not aware
of short-time
working
allowance.
