DISCUSSION OF AGENDA ITEMS & DEBATE & RECOMMENDATIONS	
1.	<p>Introduction</p> <p>Participants shared themselves, their background and where they can handle the issue at first sight.</p> <ul style="list-style-type: none"> It was stated that the programme aimed to have two pillars to deliver solutions on advocacy and industry compliance.
2	<p>Green Transformation Program Introductory Presentation</p> <p>Information was delivered on Green Transformation Program already in the design process. The potential organisation of the events planned to be held in this context is as follows:</p> <ul style="list-style-type: none"> Planned programme components were delivered under two headings: Policy Processes and Capacity Building. Information was given on the three steps under the sub-heading, Policy Processes: Monitoring, Access to Information and Advocacy. <ul style="list-style-type: none"> It is aimed to follow closely UN and EU international and legal regulations in the monitoring step; to enable the industry to access incentives and investments by facilitating their access to accurate and timely information in the access to information step; to establish a business platform by gathering umbrella organisations of private sector in the advocacy step. It is aimed to conduct studies on carbon emission reduction and transition to circular economy model under the sub-heading, Capacity Building. Stakeholders of the programme and WG members were introduced.
3	<p>Current Questions and Views of Participants</p> <ul style="list-style-type: none"> Participants were consulted on the issues such as identifying the needs of sectors; what should be done, how to work, how to organise and the under which headings the participants would like to work. <p>Recommendations of Participants:</p> <ul style="list-style-type: none"> It was shared that EU institutions would be included in the stakeholder group to be advocated; The importance of the existence of protocol was pointed out should the organisation be in the form of a platform; Underlining the difficulty of understanding EU documents and lack of mechanism and implementation in Turkey, it was recommended to prepare an informative guide for industrialists;

	<ul style="list-style-type: none"> • Emphasis was made on the importance of training experts for the company; • Pointing out backwardness due to non-transparent operation of the legal process in Turkey and the difficulty in accessing information, it was recommended to contact legal authorities and act jointly. Emphasis was made on the importance of prioritising the activities to be conducted with Ministries; • It was requested to share the prepared policy paper.
